BY INTERDEPARTMENTAL MAIL

Dear Mr. Robertson:

In accordance with Indiana Code 16-35-1.6-11, we are notifying your office that a primary election will be held in Indiana on May 4, 2010.

As a result, county voter registration offices in Indiana will stop processing most registration applications after the close of business on April 5, 2010, and will resume processing registration applications beginning on May 18, 2010.

Your agency should still continue to offer voter registration applications during this period, and forward the applications to the county voter registration office no later than five (5) days after receipt.

However, applications received by your office after April 5, 2010 will not be processed for the May 4, 2010 primary election. These applications will be processed so that a qualified applicant will be registered for the next election conducted in that precinct.

Please contact this office for any additional information or assistance.

Sincerely,
